

We Are All One 'Ohana

As a father of four, I share your family's values, daily struggles, and deep love for Waipahu. I believe public service means protecting our community. Here, we are all one 'ohana, and I will fight for your family just like my own.

ERIC BARSATAN

STATE HOUSE
DISTRICT 36

Aloha! As your Waipahu neighbor for over three decades, I am ready to lead the effort to keep our community safe, affordable, and thriving for everyone. I humbly ask for your vote and the opportunity to serve you.

Our Community First

Waipahu is our home, and our hardworking families deserve a strong voice at the State Capitol. I am running to help ease the financial burden on our community and protect our local way of life.

I have built a platform centered around six urgent priorities:

1. **Lower the Cost of Living:** We must ease the heavy financial burdens stretching household budgets.
2. **Address Affordable Housing & Homelessness:** We need to fast-track housing for locals and deploy real social services to our streets.
3. **Invest in Local Business:** We will cut red tape to help our mom-and-pop shops expand and hire locally.
4. **Secure Better School Funding:** Our keiki deserve modern classrooms and we need to fully support our hard working teachers.
5. **Strengthen Public Safety:** Every neighbor should feel completely safe in their own backyard.
6. **Fix Roads and Ease Traffic:** We need to repair our aging streets and optimize our neighborhood traffic flow.

Deep Healthcare & Government Experience

- **The Queen's Medical Center-West O'ahu:** Helped with the opening of the medical center. Served as Head of Physician Relations and Medical Staff Services (2014–2025).
- **State Health Planning Advisory:** Nominated by the Governor and confirmed by Hawai'i State Senate as member of the Statewide Health Coordinating Council (2020–2025), and the West O'ahu Subarea Health Planning Council (2018–2025).
- **Office of the Governor:** Led the State Boards and Commissions Office to uphold public trust and government integrity.
- **Office of the Mayor (Maui County):** Served as an Economic Development Specialist to help create local jobs. Helped young people from tough backgrounds and low-income families.
